

Eric Shane Gaymon

Sumter, SC | P: (803)-464-6995 | gaymons@gmail.com | [Github](#) | [LinkedIn](#)

Education

Clemson University May 2023
**B.S. Computer Science, Minor in
Cybersecurity and Business
Administration**

Relevant Coursework

Software Engineering Fundamentals:
Software development lifecycle, Agile,
REST APIs and DevOps

Web Application Development: Amazon
Web Services EC2, JavaScript, Full stack
development

Network Programming: TCP/IP model, IP
addressing/CIDR, client-server architecture
in Linux, transport services and protocols

Database Management Systems: Data
modeling, entity relationship diagrams,
relational databases, MySQL, and database
design

Skills

Programming Languages: Java, C, C#,
JavaScript, Python

Other: SQL, Git, Unix/Linux, Microsoft
Visual Studio

Professional Experience

DataWorks Plus Greenville, SC
Software Development Intern
May–Aug 2021, May–Aug 2022

- Collaborated with a team to create a web application to serve as a cloud based record management system in use by 20+ law enforcement agencies
- Implemented a distributed caching system to optimize server requests and improve overall website experience
- Developed a relational database using Entity Framework Core and MySQL
- Gained valuable experience with Microsoft's .NET framework and SQL database servers

Academic Experience

Clemson University Clemson, SC
Good Driver Incentive Program Dec 2022

- In collaboration with a team, designed and implemented a full stack web application using .NET and C#
- Enabled mock companies to reward commercial truck drivers through an online portal by tracking incidents while driving
- Participated in a mock iteration of the software lifecycle process using Agile processes

Pizzeria Management System April 2023

- Designed and implemented a MySQL database system to track the day-to-day operations of a mock pizzeria
- Developed a Java application to go alongside the database, allowing users to interact with the database
